### Immigration news and law sites

www.infoworld.com 10/9/00

Siskind, Susser, Haas & Devine -  
<http://www.visalaw.com/>

What you'll find: Visit this site for updates on U.S. immigration law.

What you won't: Site doesn't include a specific information technology page, but does include data on H1-B visas.

The essentials: Greg Siskind's weekly immigration bulletin for updates on all aspects of U.S. immigration law is available for Palm Pilots and via e-mail.

Shusterman immigration guide -  
<http://www.shusterman.com/>

What you'll find: Site includes immigration law basics, tables on application filing fees and visa processing times, and Immigration and Naturalization Service office contact information.

What you won't: Site isn't pretty, but offers varied and updated immigration news.

The essentials: Good site for employers and foreign nationals.

Center for Immigration Studies - <http://www.cis.org/>

What you'll find: Site includes studies on immigration growth and links to news articles on various immigration topics.

What you won't: Site does not include advertising.

The essentials: This nonpartisan, nonprofit think tank conducts research and policy analysis on economic and social issues surrounding immigration.
